

ÍRB presents the ÍRB Olympic Trials in Iceland

In 2006 a 50m indoor pool was opened in Reykjanesbaer Iceland and has hosted numerous Icelandic Championships. Approved by FINA as an official qualifying meet for the 2012 Olympic Games, the late date of this meet may just be the meet you are looking forward to post that final official time. Furthermore after your visit to our small country town located only minutes from the International Airport, you can use the area as a base or starting point for your very own Icelandic adventure.

Race in Iceland and then enjoy Iceland

Iceland – the land of Ice and Fire – has a lot to offer for its visitors and Reykjanesbær is a great place to base your self for a scenic get away. Among the popular tourist attractions is the Blue Lagoon only minutes drive away from the meets venue set in the midst of the Reykjanes peninsulas fantastic moon scape. World famous Reykjavík City, lies across the harbour and combines the qualities and comforts of modern urbanity and the intimate connection to amazingly beautiful nature and is less than an hour drive from the host town. The city is both vibrant in cultural life and boasts short distances to natural surroundings. The world's northernmost capital is framed by the majestic Mt. Esja, which keeps a watchful eye on the city, and the blue waters of Faxafloi Bay. On a sunny day, the mystical Snæfellsjokull glacier appears crystal-like and baby-blue on the north-western horizon.
